

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

- + Refrain from automated querying Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

ANNUAL REPORT

OF THE

BANK COMMISSIONER

1910.

PART I.

RELATING TO

SAVINGS BANKS, INSTITUTIONS FOR SAVINGS, TRUST COMPANIES
AND FOREIGN BANKING CORPORATIONS.

BOSTON: WRIGHT & POTTER PRINTING CO., STATE PRINTERS, 18 Post Office Square. 1911.

APPROVED BY

THE STATE BOARD OF PUBLICATION.

The Commonwealth of Massachusetts.

Office of the Bank Commissioner, State House, January 18, 1911.

To the General Court of Massachusetts.

In accordance with the requirements of law, I have the honor to submit herewith the annual report of the Bank Commissioner's department showing the condition of the savings banks, co-operative banks, foreign banking corporations and credit unions at the close of business, October 31, 1910, and of the trust companies at the time of each call during the last fiscal year.

The report is comprised of two parts: the first relates to savings banks, trust companies and foreign banking corporations; the second to co-operative banks, loan companies and credit unions.

GENERAL STATEMENT.

At the present time there are under the supervision of this department the following institutions, which at the time of their last report had the following assets:—

	Assets.		Increase.
192 savings banks	\$827,882,531	54	\$30,447,636 30

490 institutions and agents under this de-			
partment	\$1,278,084,580	5 0	
Total increase			\$56,095,405 70

¹ Decrease.

According to the report of the Comptroller of the Currency, there were at the time of the last report 192 national banks doing business in this Commonwealth, not, however, under the supervision of this department, with total assets of \$519,431,241.57, a decrease during the past year of \$8,405,608.92, making a total banking capital in Massachusetts is \$1,797,515,822.17.

SAVINGS BANKS.

The past year has witnessed important changes in the laws relating to the supervision of the institutions under the jurisdiction of this department. It was found that the law in force, by dividing the responsibility for the auditing of savings banks between the auditing committee and the banking department, resulted in a lack of thoroughness which was necessary for a complete examination. Therefore, a change in the law was made, so that the responsibility for the examination and audit of a savings bank should be placed in this department, though the audit should be made by a certified public accountant selected by the auditing committee but first approved by the commissioner. The accountant is required to personally supervise the making of an examination and audit, except that, with the consent of the commissioner, he may verify a trial balance of the depositors' ledger made by the bank within six months.

In accordance with the requirements, the department prepared what, in its opinion, would be the minimum requirements for an audit, which must be complied with by the certified public accountant, and a copy of his report to the auditing committee of the bank must be filed with the department and with the bank.

To have more efficient supervision, it was found necessary to separate the department into four divisions, the savings bank division, the co-operative bank division, the trust company division, and a special division for investigation.

In order to make more satisfactory examinations by virtue of a special appropriation granted the department, the force was increased by the addition of thirteen assistant examiners, making a total examining force of twenty-six, and the result has been a more thorough and careful supervision of each institution than ever before.

It was not possible, with the former force or under the law then existing, to make the complete examination that this department is now making.

Most of the banking institutions under the supervision of this department are in a strong position. The officers in charge of them are men of honesty and ability, the members of the board of trustees are, in the main, successful business men of the community, who, without pay, give their time for the investment of the people's savings. In order that the requirements of the law might be more fully brought to their attention, the department mailed to each one of the nearly forty-three hundred trustees of savings banks in the Commonwealth a copy of the savings bank law in pamphlet form, and a circular calling their attention to their duties and pointing out special requirements for their consideration; and the law now provides that as new trustees are elected the commissioner shall supply them with similar copies.

To more fully acquaint the trustees with the affairs in their institution, a change of the law was made so as to provide that the board of investment should make a report to the trustees at each quarterly meeting, containing a detailed statement in writing of all loans made by the corporation, all changes in the property or security pledged or the rates of interest charged therefor, all purchases or sales of bonds, stocks and notes, all payments by the bank of taxes or insurance on mortgaged property since the last regular meeting of the trustees, and all loans on which interest is more than three months overdue, such report to be filed and preserved with the records of the bank. It is hoped in this way that the trustees will not be content merely to elect a board of investment, but that they will satisfy themselves from these reports that the affairs of the bank are being managed on sound business principles.

Acting under the provisions of an act passed, "Relative to proceedings against and the liquidation of delinquent corporations and individual bankers subject to the supervision of the Bank Commissioner" (chapter 399 of the Acts of 1910), the commissioner took possession of the Greenfield Savings Bank on June 10, 1910, the bank having been enjoined on February 9, 1909, as stated in the report of this department for last year, from receiving or paying deposits until further order of the court. The new president and board of investment have been disposing of a portion of the real estate holdings which have caused its embarrassment. A statement of condition of the bank appears elsewhere, from which it will appear that a considerable time must still elapse before the bank will be able to reopen and pay its depositors in full.

On January 21, 1910, after an examination of the affairs by this department of the Southbridge Savings Bank of Southbridge, the Supreme Judicial Court issued a temporary injunction restraining the bank from further prosecuting its business, because of a shortage of \$359,738, caused by the misappropriation of funds by its treasurer. A special legislative committee was appointed to examine the affairs of the bank, and after an examination they recommended certain changes in the savings bank law, which were adopted by the Legislature.

Under chapter 399, Acts of 1910, the Bank Commissioner took possession of the bank, and retained possession until it reopened its doors on August 1, 1910.

Acting under section 11 of chapter 622 of the Acts of 1910, the commissioner petitioned the Supreme Judicial Court for permission to approve the scaling down of all deposits in the bank to 85 per cent. of the amount due on January 21. This approval was granted July 1, upon the condition that the trustees of the bank provide a guaranty fund of \$50,000 in cash, which they did. When the bank was reopened, in addition to the 85 per cent. of their deposits, the depositors were credited with a regular dividend of 2 per cent. on the reduced amount. From the assets recovered from the defaulting treasurer's estate, and other sources, additional dividends will be paid to the depositors. John A. Hall, treasurer, pleaded guilty on May 19, 1910, to larceny, and was sentenced to not less than ten nor more than twelve years in State Prison.

On December 28, 1910, a shortage of \$59,906.58 was discovered in the Westfield Savings Bank, caused by the misappropriation of funds by its treasurer, which he confessed to have taken from 1875 to 1899, inclusive, but alleges that no money has been taken from the bank since 1899.

The bank is in a strong position, and will be able to charge off the loss from its surplus account without using any of its guaranty fund, which has already reached the maximum limit allowed by law, 5 per cent. of the deposits, amounting to \$140,839. After charging off this loss the bank will have a surplus of over \$250,000.

This shortage was discovered by the audit in connection with the examination of this department, and demonstrates the practical results of having the audit and examination under the supervision of the banking department.

Three new savings banks have been opened for business during the year: —

Columbus Savings Bank of Boston.

Marshfield Savings Bank of Marshfield.

Somerville Institution for Savings of Somerville.

Through the courtesy of the Superintendent of Banks of the State of New York and the Commissioner of Banking and Insurance of the State of New Jersey, the opportunity of an inspection of the methods employed in the examination of banking institutions in those States was furnished to the department and taken advantage of by the Bank Commissioner, the Deputy Commissioner and the Chief of the Trust Company Division; and the experience was both interesting and instructive. Under the provisions of Massachusetts law as it now stands, it is believed that the examination of our banking institutions is second to no other State. Complete trial balances of depositors' ledgers in all savings banks of the State now have been verified by or under the supervision of the department, and the auditing of all the banks by certified public accountants under the requirements of the department will be completed early the present year.

TRUST COMPANIES.

During the past year 5 new trust companies have commenced business, as follows:—

COMPANY.	Location.	Capital.	Began Business.		
Arlington Trust Company .	Lawrence	\$200,000	Oct. 17, 1910		
Everett Trust Company .	Everett	100,000	Feb. 21, 1910		
Framingham Trust Company	South Framingham	100,000	Aug. 15, 1910		
Norfolk Trust Company .	Brookline	100,000	Nov. 1, 1910		
Paul Revere Trust Company	Boston	200,000	May 2, 1910		

During the year the establishment of the Boulevard Trust Company of Brookline, the City Trust Company of Holyoke and the Lawrence Trust Company of Lawrence has been authorized; but at

the date of the last call, Nov. 10, 1910, they had not commenced business

On November 10, 1910, 52 trust companies were actively engaged in business, while 7 were in voluntary liquidation.

On February 21, 1910, the City Trust Company, Boston, was consolidated with the Old Colony Trust Company.

In all companies under voluntary liquidation, the obligations of both depositors and stockholders have been substantially liquidated, only a nominal amount of assets remaining in each company in the banking department.

No new legislation of importance was passed affecting trust companies during the past year.

CO-OPERATIVE BANKS.

The following co-operative banks have been chartered and commenced business during the past year:—

Auburndale Co-operative Bank, Auburndale.
East Taunton Co-operative Bank, East Taunton.
Eureka Co-operative Bank, Boston.
Farragut Co-operative Bank, Boston.
Joseph Warren Co-operative Bank, Boston.
North Weymouth Co-operative Bank, North Weymouth.
Southbridge Co-operative Bank, Southbridge.

CERTIFIED PUBLIC ACCOUNTANTS.

By chapter 263 of the Acts of 1910, public accountants who have been or may be registered under the provisions of chapter 399, Acts of 1909, are entitled to style themselves certified public accountants, in conformity with the practice of other States.

On June 27, 29, 1910, 50 presented themselves and took a written examination. Of this number, 27 passed and were certified. The total number of certified public accountants who have been registered and certified is 80.

CREDIT UNIONS.

The fundamental principles of credit unions are: -

- 1. Only honest and industrious persons are admitted to membership.
- 2. Loans may be made to members only.
- 3. A borrower may offer either property or the endorsement of one or more members, as security for his loan.
- 4. No loan shall be made unless the credit committee approves the object for which the money is to be used.

- 5. The use of the money for any other purpose renders the borrower liable to expulsion from membership.
- 6. At all meetings a member has only one vote, irrespective of the number of shares he or she owns.

During the past year the department has prepared a pamphlet relating to them, to bring before those who may be interested a statement and suggestions in regard to organizing and managing a credit union in Massachusetts. During the year the Board of Bank Incorporation has authorized the following:—

Industrial Credit Union, Boston.
International Credit Union, Boston.
Italo-American Credit Union, Boston.
Lynn United Hebrew Credit Union, Lynn.
Myrick Credit Union, Springfield.
St. Jean Parish Credit Union, Lynn.
Wright & Potter Credit Union, Boston.

Any one interested in the formation of a credit union may receive a copy of the pamphlet, upon application to this department.

FOREIGN BANKING CORPORATIONS.

The only foreign banking corporation now doing business in the Commonwealth is the Bank of Nova Scotia, a receiver for the Boston Banking Company having been appointed upon the application of this department on September 27, 1910.

Persons, Partnerships, Associations or Corporations, that sell Steamship Tickets and also beceive Deposits of Money for Safekeeping or Transmission Abroad.

These persons are required to furnish a bond in such sum as the Bank Commissioner may deem necessary, to cover money or deposits received for the aforesaid purposes. They are then subject to the supervision of this department, are examined at least once each year, and are required to make an annual report.

On October 31, 1910, the number of these persons under the supervision of this department was 85,—an increase of 21 since October 30, 1909. Of this number, 31 received deposits of money for safe-keeping, amounting, on October 31, 1910, to \$770,985,—an increase during the year of \$210,030, the number of such depositors on that date being 9,133.

Many Italians prefer to send their savings to Italy, to be held for them in the postal savings bank conducted by the Italian government; and the amount sent for this purpose through the persons reporting to this department during the year ending October 31, 1910, was \$519,212, — an increase of \$133,767 over the figures of the preceding year.

The total amount of money received for transmission abroad by this class of bankers during the same period was \$6,377,849, — an increase of \$2,076,896 over the amount so received during the year ending October 30, 1909, and an increase of \$742,127 over the amount received for this purpose during any preceding year, when report was made to this department.

No substantial changes have been made since the last report in the laws relating to these persons, but their application was somewhat extended by chapter 338 of the Acts of 1910.

The efficiency of the enforcement of these laws would be much strengthened if a license, to be conspicuously displayed in his place of business, were issued to each banker whose bond is accepted.

The following table is compiled from four annual reports made by these persons, and shows the amount of money forwarded by them to the various countries:—

The offices maintained by these persons were instituted because of the need which existed among newly arrived immigrants of having some person with a knowledge of the language and customs of both the foreigners and the people of this country. These immigrants had use for a person to whom they could go in all their different needs. This person helped them to secure work, wrote for them their letters home, received for them their letters from home, sold to them steamship tickets, received their money for safe-keeping, and transmitted their money to those on the other side.

The business at these offices has grown with the growth of the foreign-born population. The best are still in existence, while the proprietors of some have departed to foreign countries, taking with them such part of the savings of their customers as was then held by them.

The intent of the law is not alone to guard the depositor from loss, by compelling the banker to furnish an adequate bond, but also to furnish proper supervision.

SAVINGS BANK LIFE INSURANCE.

The second full financial year of savings bank life insurance ended October 31, 1910. This report includes the annual statements for the year of the banks which have undertaken the business of life insurance under chapter 561 of the Acts of 1907. These banks are two in number; namely, the Whitman Savings Bank of Whitman and the People's Savings Bank of Brockton.

The object of savings bank life insurance is to reduce the cost of life insurance to the wage earners of this Commonwealth by eliminating the cost of solicitation and the subsequent collection of premiums every week from door to door. This result is attained by the establishment of agencies at various places in the Commonwealth, some of which are open to the general public, where applications for insurance may be made and premiums collected for the banks. In many cases an agency is established, for the convenience of a group of wage earners, in the mill, factory or other place where they are employed. Arrangements are made, with those who so desire, for the agency to deduct their premiums from the pay roll as they fall due. Such a plan tends to prevent the loss of insurance resulting from the policy holder's lack of initiative, or from his forgetting to pay the premium. Under the old system, he must be

roused to action to pay his premium; by this arrangement, his premium will continue to be paid until he takes definite action to discontinue such payment. Similarly, if a policy holder has a savings account in the bank, he may arrange to have his premiums deducted from it as they fall due. Premiums on 137 policies are now paid from savings deposits.

The following policy forms have been prepared for the use of the insurance departments of the savings banks, and are in use at the present time:—

- (a) By Monthly Premiums.
- 1. Whole Life Policy, with premiums ceasing at age 75.
- 2. Endowment Policy, maturing at age 65.
- 3. 20-Year Endowment Policy.
- 4. Insurance and Old Age Pension Policy, combining a certain sum of life insurance up to age 65, with a certain sum payable each year thereafter as a life income.
- 5. Old Age Pension Policy, without insurance, but providing (if desired) for the return of all premiums paid in event of death before the age at which the life income is to begin. These life incomes or "pensions" may be arranged to begin either at age 60 or at age 65.
- (b) By Annual Premiums (or semi-annual or quarter-annual instalments thereof).
 - 1. Straight Life Policy.
 - 2. 20-Payment Life Policy.
 - 3. 20-Year Endowment Policy.

The monthly premium policies are intended as a substitute for the "industrial" policies for small amounts, paid for by weekly premiums, and issued by the large industrial companies; they are adapted to the needs of a large proportion of the wage earners of this Commonwealth. Their prominent feature, aside from the low cost, is the generous scale of surrender value provisions. One important economic use they perform is in preventing the expenses of burial from becoming a sudden, perhaps an overwhelming, burden upon those left behind when death occurs. They are issued in various amounts, not greater than \$500.

The annual premium policies are issued in units of \$500 to those whose circumstances will permit them to meet their premium obligations quarterly, semi-annually or annually, instead of every month. They are adapted to the use of the highest grade of wage earners,

as well as school-teachers, clergymen, clerks, etc. While, under the act, a bank may not issue more than \$500 of insurance to any individual, it frequently happens that an applicant desires a larger amount. By applying for the limit in each bank, it is possible to get insurance up to \$1,000.

The most popular of the forms of insurance mentioned above has been the twenty-year endowment plan, which constitutes 58 per cent. of the business in force at the close of the bank year.

The total premiums on original policies earned during the year were \$59,565.57. The total expenses chargeable against such premiums, including the contribution to the guaranty fund, which is, strictly speaking, not an expense in the ordinary sense, were \$8,363.35, showing a ratio of 14 per cent. Of the above amount of expenses, \$2,639.85 was for medical fees, a charge which occurs only once during the life of a policy, leaving \$5,723.50, or 9.6 per cent., as a fair measure of the present ratio of expense incurred after the first year. This showing will, of course, be improved as the business grows.

Last year the Commonwealth appropriated \$15,000 to carry out the purposes of the act. This appropriation covers the cost of maintaining the departments of the State Medical Director and the State Actuary, and of such printing, etc., as may be found necessary. By this means the banks are from the outset freed from these items of expense, which otherwise would be a heavy drain on their resources during the early years of operation.

This brings us naturally to the question of comparative cost. The State Actuary estimates, taking first the quoted gross rates for a life policy for \$250, for example, that the savings bank policy from the beginning guarantees a saving of about 17 per cent., as compared with that of the largest industrial company. Taking into account the first year dividend, which amounts to one monthly premium, brings the saving up to about 24 per cent. The net cost shows a saving of about 27 per cent. the second year and about 29 per cent. the third year; that is, in the third year the industrial policy holder is paying 39.6 per cent. more for the same amount of insurance than is the savings bank policy holder. Other forms of policies show similar results. It might be pointed out here that the "industrial" rates used in this comparison are considerably lower than those which existed when savings bank life insurance was established.

Taking the annual premium plan, the cost of insurance on \$500 policies after deducting dividends according to the present scale is, on ordinary life, about 10 per cent., and on twenty-year endowment about 8 per cent., less than on the non-participating \$500 policies of the company just referred to.

The net cost of insurance in the banks will undoubtedly improve with the lapse of time and the growth of the business.

The surplus set aside for the payment of dividends during the financial year now current absorbed in the Whitman Bank 55.5 per cent. and in the People's Bank 33.3 per cent. of the gain during the year. The schedule adopted gave on monthly premium policies of insurance the following rates of dividend: first year, one monthly premium; second year, one and one-half times one monthly premium; third year, one and two-thirds times one monthly premium. On the annual premium policies the rates of dividend are necessarily smaller, especially in the early years of operation, and range between 3.2 per cent. and 6.2 per cent. of the annual premium, depending on the form, duration and age at issue of the policies.

The number of agencies shows an increase, there being 88 which have an appreciable amount of business in force. Seven savings banks have become agencies:—

Beverly Savings Bank,
Bridgewater Savings Bank,
Cape Ann Savings Bank, Gloucester,
Five Cents Savings Bank of Newburyport,
Holyoke Savings Bank,
Ludlow Savings Bank,
Ware Savings Bank,

and there are twelve other public agencies.

It is significant that both banks since taking up the insurance work have made the largest increase in deposits in their history. The general insurance guaranty fund now amounts to over \$3,000, and is intact. The special guaranty funds are also untouched, and each bank has in addition a substantial surplus of its own.

Whitman Savings Bank.

The total income was \$32,051.99. The total disbursements were \$11,281.02, including \$6,014.30 paid to policy holders, of which \$3,122 was for death claims. The total admitted assets were \$64,241.60. The total liabilities were \$59,259.81, including \$25,000 special guaranty funds, \$29,026 reserve and \$2,601.58 set aside for dividends. The surplus remaining was \$4,981.79. During the year the bank issued \$1,051 policies, insuring \$404,862. At the end of the year there were in force 1,822 policies, insuring \$712,177, besides 24 deferred annuity contracts, representing annual payments of \$3,423.

People's Savings Bank, Brockton.

The total income was \$30,791.73. The total disbursements were \$7,286.56, including \$2,865.56 paid to policy holders, of which \$500 was for death claims. The total admitted assets were \$63,400.25. The total liabilities were \$56,756.66, including \$25,000 special guaranty funds, \$28,737 reserve and \$2,248 set aside for dividends. The surplus remaining was \$6,643.59. During the year the bank issued 865 policies, insuring \$369,774. At the end of the year there were in force 1,496 policies, insuring \$655,186, besides 37 deferred annuity contracts, representing annual payments of \$5,942.

SCHOOL SAVINGS BANKS.

Several inquiries have been received relative to the formation of school savings banks, with the idea of encouraging children in the schools to form the habit of saving money. They would be enabled to deposit from 1 cent upward with the person having the matter in charge, who in turn would deposit it in a savings bank.

The Pittsburgh Bank of Savings, of Pittsburgh, Pa., reports that they now have about 26,000 depositors among the school children, with an aggregate of \$150,000 on deposit. They send an employee to each school once a week to collect the deposits of the children.

The Stamp Savings Society of Boston, which was incorporated in 1905, and has for its object the teaching of thrift to people of small means, is conducting work along similar lines, and reports that \$64.592 worth of stamps have been sold by it during the past year. Their plan is as follows: to each person wishing to become a de-

positor the treasurer gives a card, and sells stamps to the amount of the deposit. These stamps are receipts, and the depositor must paste them on his card before he can have them redeemed. A depositor who wishes to withdraw his deposit must present his card, and the treasurer will pay him the amount of his stamps.

At the present time the law does not permit the use of the words "school savings banks," nor is its work recognized in any way, although there are a number of these organizations which are doing good work among the school children. I believe suitable legislation should be adopted, which will legalize and encourage these institutions by permitting them to operate under the proper restrictions wherever there is sufficient demand for them.

SURPLUS.

There has been some agitation in other States in regard to reducing dividends paid by savings banks for the purpose of building up a stronger surplus or preventing its further depletion.

This matter is well provided for by legislation in this State, which requires a specific minimum increase of the guaranty fund before payment of every dividend, and there seems to be no danger in this State that savings banks will maintain a higher dividend rate than is consistent with a jealous regard for their strength.

The guaranty fund and undivided profits, which is another name for the excess of assets over liabilities, enabling the banks to meet losses and still pay the depositors in full, amounts to \$50,765,084.51, having increased during the last year by \$1,893,627.59, while the surplus based on market values is over \$56,000,000, and to-day our savings banks are in a remarkably strong position, with their assets well invested.

REAL ESTATE HELD BY FORECLOSURE.

It is interesting to know that the amount of property held by foreclosure has been steadily decreasing, showing that the boards of investment are becoming more conservative in the loaning of the depositors' funds. The department is opposed to savings banks going out of their own neighborhoods to make mortgage loans, as they are not familiar with the local conditions to such a degree that their judgment is liable to be of the best. Almost invariably they loan more than the local institution with full knowledge of the situation. No board of investment should make a loan outside of its immediate vicinity without consulting persons who are not directly or indirectly interested in the making of the loan.

VERIFICATION OF DEPOSITORS' ACCOUNTS.

The eighth periodical verification of depositors' books was made by the savings banks during the first ten months of 1910, as required by law, and the results thereof, compared with the last verification in 1907, are shown in a statement following the text of this report. It will be observed that the percentage of accounts verified, as well as the amount of deposits, shows a substantial and gratifying increase over 1907.

RECOMMENDATIONS.

While some perfecting amendments should eventually be made to the present savings bank law, it is my opinion that existing legislation is sufficient for all present requirements; and I believe it will be for the best interests of all concerned that any petitions for additional savings bank legislation be postponed until next year, at least.

There are some other matters pertaining to this department, however, which may properly receive consideration this year, and I therefore make the following recommendations:—

- (1) In order that the legislation of the past year relative to the supervision of savings banks may receive a fair trial, I recommend that all legislation relative thereto be referred to the next General Court.
- (2) That school savings banks may be established for the encouraging of saving, under such rules and regulations as the Bank Commissioner may prescribe.
- (3) That every person selling steamship tickets and receiving deposits in connection therewith be required to file an application in this department for permission to do business, and a proper bond, after which a license may be issued, upon the payment of a suitable fee, such license to be posted in a conspicuous place in his place of business. That the requirements of the present law be changed so that the provisions relating to the bonds may be broader and the condition of the obligation limited to the scope of the business.
- (4) That an investigation be made by the Legislature of the workings of section 60 of chapter 102 of the Revised Laws, and that such

legislation as seems wise be enacted governing the business to which said section relates, and that all persons and companies engaged in such business be put under some general supervision.

- (5) That chapter 399, Acts of 1909, section 2, relating to certified public accountants, be amended so that the fee of \$25 shall be paid into the treasury of the Commonwealth before taking the examination.
- (6) That section 8 of chapter 116 of the Revised Laws, relating to trust companies, be amended by giving authority to the board of directors to fill, until the next annual meeting, any interim vacancies in office that may occur.
- (7) That trust companies doing business in the borough of Manhattan, city of New York, approved by the Bank Commissioner, may act as reserve agents.

STATEMENT No. 26.

LIST OF LEGAL INVESTMENTS.

The following is a list of bonds and notes which, in the opinion of this department, are now legal investments under the provisions of clauses second, third, fourth, fifth and sixth of section 68 of chapter 590, Acts of 1908. Clause second, relating to investments in public funds, has been applied only to those counties, cities, towns and districts which appear to have bonds or notes outstanding, and from which debt statements could be obtained. Clause third is the general law relating to railroad bonds. Clause fourth provides that issues which complied with the old law shall continue, under certain conditions, to be legal investments. banks may not only continue to hold such bonds, but may invest further in them. In this list the bonds which do not comply with clauses second and third, but continue legal through clause fourth, are printed in italics and the reason in each case is explained in the footnotes. Clause fifth relates to investments in street railway bonds, and clause sixth to investments in telephone company bonds.

Investment in bonds or notes of cities, towns and districts mentioned in the list should not be made without further inquiry, as both their indebtedness and their valuations for the assessment of taxes are constantly changing.

|! || Legalised by special act of General Court.

* Secured on less than 100 miles of railroad.

Nors. — Chapter 443 of the Acts of 1906, entitled "An Act relative to railroad corporations and street railway companies," provides, in section 66 of Part II, that "A railroad corporation, unless expressly authorized by its charter or by special law. shall not issue bonds, coupon notes or other evidences of indebtedness payable at periods of more than twelve months after the date thereof to an amount which, including the amount of all such securities previously issued and outstanding, exceeds in the whole the amount of its capital stock at the time actually paid in." As the New York, New Haven & Hartford Railroad Company is a Massachusetts railroad corporation, it is the opinion of the Attorney-General that under either the old or the new savings bank law only those of its issues of bonds, coupon notes and other evidences of indebtedness which, taken in the order of their issue, do not exceed the amount of the capital stock of the company actually paid in, are legal investments for Massachusetts savings banks.

Chapter 399, Acts of 1910.

An Act relative to proceedings against and the Liquidation of delinquent corporations and individual bankers subject to the supervision of the bank commissioner.

Be it enacted, etc., as follows:

SECTION 1. In this act, unless the context otherwise requires, the word "bank" means a savings bank, cooperative bank, trust company or any person, partnership, association or corporation incorporated or doing a banking business in this commonwealth which is subject to the supervision of the bank commissioner.

Section 2. Whenever it shall appear to the bank commissioner that any bank under his supervision has violated its charter or any law of the commonwealth, or is conducting its business in an unsafe or unauthorized manner, or that its capital is impaired, or if it shall refuse to submit its books, papers and concerns to the inspection of said commissioner or of his duly authorized agents, or if any officer of such bank shall refuse to be examined upon oath by the commissioner or his deputies touching its concerns, or if it shall suspend payment of its obligations, or if from an examination or from a report provided for by law the bank commissioner shall have reason to conclude that such bank is in an unsound or unsafe condition to transact the business for which it is organized, or that it is unsafe

and inexpedient for it to continue business, the bank commissioner may take possession forthwith of the property and business of such bank and may retain possession thereof until the bank shall resume business or until its affairs shall finally be liquidated as herein provided.

Section 3. Upon taking possession of the property and business of any bank, the bank commissioner shall forthwith give notice of that fact to any and all banks, trust companies, associations and individuals holding or having possession of any assets of such bank. No bank, trust company, association or individual knowing that the bank commissioner has taken such possession, or having been notified thereof as aforesaid, shall have a lien or charge for any payment, advance or clearance thereafter made, or liability thereafter incurred, against any of the assets of the bank of whose property and business the bank commissioner shall have taken possession as aforesaid. Such bank may, with the consent of the bank commissioner, resume business upon such conditions as he may approve.

Section 4. Upon taking possession of the property and business of such bank, the bank commissioner shall have authority to collect moneys due to the bank, and to do such other acts as are necessary to conserve its assets and business, and shall proceed to liquidate its affairs as hereinafter provided. He shall collect all debts due and claims belonging to it, and upon the order or decree of the supreme judicial court, or any justice thereof, may sell or compound all bad or doubtful debts, and on like order or decree may sell all, or any part of, the real and personal property of the bank on such terms as the court shall direct; and he may, if necessary to pay the debts of any such trust company, enforce the individual liability of the stockholders.

Section 5. For the purpose of executing and performing the powers and duties hereby conferred upon him, the bank commissioner may, in the name of any such delinquent corporation or individual banker, prosecute and defend any and all suits and other legal proceedings and may, in the name of the delinquent corporation or individual banker, execute, acknowledge and deliver any and all deeds, assignment, releases and other instruments necessary and proper to effectuate any sale of real or per-

sonal property or any compromise authorized by the court as herein provided; and any deed or other instrument. executed pursuant to the authority hereby given, shall be valid and effectual for all purposes to the same extent as though the same had been executed by the officers of the delinquent' corporation by authority of its board of directors or of its stockholders, or by the individual banker personally. In case any of the real property so sold is located in a county other than that in which the application to the court for leave to sell the same is made, the bank commissioner shall cause a certified copy of the order or decree of the court authorizing or ratifying such sale to be filed in the registry of deeds for the district in which the

said real property is located.

Section 6. The bank commissioner may, under his hand and official seal, appoint an agent or agents to assist him in the duty of liquidation and distribution. The certificate of the appointment of such agent or agents shall be filed in the office of the bank commissioner, and a certified copy thereof shall be filed in the office of the clerk of the supreme judicial court for the county in which the principal office of such bank is located. The bank commissioner may from time to time authorize such agent or agents to perform such duties connected with said liquidation and distribution as he may deem proper. commissioner may procure such expert assistance and advice as he may consider necessary in the liquidation and distribution of the assets of such bank, and he may retain such of the officers or employees of the bank as he may deem necessarv. The bank commissioner shall require from a special agent and from such assistants such security for the faithful discharge of their duty as he may deem proper.

Section 7. Upon taking possession of the property and assets of such bank, the bank commissioner shall make an inventory of the assets of the bank in duplicate, one to be filed in the office of the bank commissioner and one in the office of the clerk of the supreme judicial court for the county in which the principal office of the bank is located.

SECTION 8. The bank commissioner shall cause to be published weekly for three consecutive months, in such newspapers as he may direct, a notice calling on all persons who may have claims against such bank to present the same to the bank commissioner and to make legal proof thereof at a place and in a time, not earlier than the last day of publication, to be therein specified. The bank commissioner shall mail a similar notice to all persons whose names appear as creditors upon the books of the bank, so far as their addresses are known. If the bank commissioner doubts the justice and validity of any claim, he may reject the same and serve notice of such objection upon the claimant either by mail or person. An affidavit of service of such notice, which shall be prima facie evidence thereof, shall be filed with the bank commissioner. An action upon the claim so rejected shall not be entertained unless brought within six months after such service. Claims presented after the expiration of the time specified in the notice to creditors shall be entitled to share in the distribution only to the extent of the assets in the hands of the bank commissioner equitably applicable thereto.

Section 9. Upon the expiration of the time fixed for the presentation of claims, the bank commissioner shall make in duplicate a full and complete list of the claims presented, including and specifying such claims as have been rejected by him. One of said lists shall be filed in the office of the bank commissioner and the other in the office of the clerk of the supreme judicial court for the county in which the principal office of the bank is located. Thereafter the bank commissioner shall make and file in said offices, at least fifteen days before every application to the court for leave to declare a dividend, a supplementary list of the claims presented since the last preceding list was filed, including and specifying such claims as have been rejected by him, and, in any event, he shall make and file the said list at least once in every six months after the filing of the original list, so long as he shall remain in possession of the property and business of the bank. Said inventory and said list shall be open to inspection at all reasonable times.

Section 10. The compensation of the special agents, counsel, employees and assistants, and all expenses of supervision and liquidation shall be fixed by the bank commissioner, subject to the approval of the supreme judicial court for the county in which the principal office of such bank is located, on notice to such bank and, upon the certificate of the bank commissioner, shall be paid out of the funds of the bank in his hands.

Section 11. At any time after the expiration of the

date fixed for the presentation of claims the supreme judicial court, upon the application of the bank commissioner, may authorize him to declare out of the funds remaining in his hands, after the payment of expenses. one or more dividends, and, after the expiration of one year from the first publication of notice to creditors, the bank commissioner may declare a final dividend, such dividends to be paid to such persons, in such amounts, and upon such notice as may be directed by the supreme judicial court for the county in which the principal office of such bank was located, or as may be directed by a justice of said court. Objections to any claim not rejected by the bank commissioner may be made by any person interested by filing a copy of such objections with the bank commissioner, who shall present the same to the supreme judicial court at the time of the next application for leave to declare a dividend. The court to which such application is made shall thereupon dispose of said objections, or may refer them to a master for that purpose, and should the objections to any claim be sustained by the court or by the master no dividend thereon shall be paid by the bank commissioner until the claimant shall have established his claim by the judgment of a court of competent jurisdiction. The court may make proper provision for unproved or unclaimed deposits.

Section 12. Should any corporation or individual banker, at the time when the bank commissioner takes possession of the property and business of such corporation or banker, have in its or his possession for safe keeping and storage, any jewelry, plate, money, securities, valuable papers or other valuable personal property, or should it or he have rented any box, safes, or safe deposit boxes, or any part thereof, for the storage of property of any kind, the bank commissioner may at any time after taking possession as aforesaid cause to be mailed to the person claiming to be, or appearing upon the books of the corporation or banker to be, the owner of such property, or to the person in whose name the safe, vault, or box stands, a notice in writing in a securely closed postpaid, registered letter. directed to such person at his postoffice address as recorded upon the books of the corporation or banker, notifying such person to remove, within a period fixed by said notice and not less than sixty days from the date thereof, all such personal property; and upon the date fixed by said notice. the contract, if any, between such persons and the corporation or banker for the storage of said property, or for the use of said safe, vault or box, shall cease and determine, and the amount of the unearned rent or charges, if any, paid by such person shall become a debt of the corporation or banker to such person. If the property be not removed within the time fixed by the notice, the bank commissioner may make such disposition of said property as the supreme judicial court, upon application thereto, may direct; and thereupon the bank commissioner may cause any safe, vault or box to be opened in his presence, or in the presence of one of his special agents and of a notary public not an officer or in the employ of the corporation or banker, or of the bank commissioner, and the contents thereof, if any, to be sealed up by such notary public in a package upon which the notary public shall distinctly mark the name and address of the person in whose name such safe, vault or box stands upon the books of the corporation or banker. and shall attach thereto a list and description of the prop-The package so sealed and addressed, together with the list and description may be kept by the bank commissioner in one of the general safes for boxes of the corporation or banker until delivered to the person whose name it bears, or may otherwise be disposed of as directed by the court.

Section 13. Whenever any corporation or banker of whose property and business the bank commissioner has taken possession as aforesaid deems itself or himself aggrieved thereby, it or he may, at any time within ten days after such taking possession, apply to the supreme judicial court for the county in which the principal office of the corporation or banker is located to enjoin further proceedings; and said court, after citing the bank commissioner to show cause why further proceedings should not be enjoined, and after hearing the allegations and proofs of the parties and determining the facts, may, upon the merits, dismiss such application or may enjoin the bank commissioner from further proceedings and direct him to surrender the said business and property to the corporation or banker.

SECTION 14. Whenever the bank commissioner shall have paid to each and every depositor and creditor of such

corporation, not including stockholders, whose claim or claims as such creditor or depositor shall have been duly proved and allowed, the full amount of such claim, and shall have made proper provision for unclaimed and unpaid deposits or dividends, and shall have paid all the expenses of the liquidation, he shall call a meeting of the stockholders of the corporation by mailing notice thereof, not less than thirty days prior to the date of the meeting. to each stockholder of record whose address is known, and also by publishing notice of the meeting once a week for four successive weeks in some newspaper of general circulation published in the county where the principal office of the corporation is located, the first publication to be not less than thirty days before the date appointed for the At such meeting the stockholders shall determine whether the bank commissioner shall be continued as liquidator and shall wind up the affairs of the corporation, or whether an agent or agents shall be elected for that purpose, and in so determining the stockholders shall vote by ballot, in person or by proxy, each share of stock entitling the holder to one vote; and a majority of the stock shall be necessary for the determination. In case it is determined to continue the liquidation under the bank commissioner, he shall complete the liquidation and, after paying the expenses thereof, he shall distribute the proceeds remaining among the stockholders in proportion to their several holdings of stock, in such manner and upon such notice as may be directed by the supreme judicial In case it is determined to appoint an agent or agents to liquidate, the stockholders shall thereupon select such agent or agents by ballot, a majority of the stock present and voting, in person or by proxy, being necessary to a choice. Such agent or agents shall execute and file with the bank commissioner a bond to the treasurer and receiver general of the commonwealth in such amount. with such sureties and in such form as shall be approved by the bank commissioner, conditioned for the faithful performance of all the duties of his or their trust, and thereupon the bank commissioner shall transfer and deliver to such agent or agents all undivided, uncollected or other assets of the corporation then remaining in his hands. Upon such transfer and delivery, the bank commissioner shall be discharged from any and all further liability to such corporation. Said agent or agents shall convert into cash the assets coming into his or their possession and shall account for and make distribution of the property of the corporation as provided in the case of distribution by the bank commissioner, except that the expenses thereof shall be subject to the direction and control of the supreme judicial court. In case of the death, removal or refusal to act of any such agent or agents the stockholders, on the like notice, to be given by the bank commissioner upon proof of such death, removal or refusal to act being filed with him, and by the like vote hereinbefore provided, may elect a successor, who shall have the same powers and be subject to the same liabilities and duties as the agent originally elected.

Section 15. Dividends and unclaimed deposits remaining unpaid in the possession of the bank commissioner for six months after the order for final distribution shall be deposited by him in one or more national banks, savings banks or trust companies to the credit of the bank commissioner in his official capacity, in trust for the several depositors with, and creditors of, the liquidated corporation from which they were received, according to the several interests of the persons entitled thereto. The bank commissioner shall state annually in his report to the general court the names of corporations, including individual bankers, so taken possession of and liquidated and the amounts of unclaimed and unpaid deposits or dividends with respect to every such corporation and banker. bank commissioner may pay over the money so held by him to the persons respectively entitled thereto upon being furnished satisfactory evidence of their right to the same. In cases of doubt or of conflicting claims he may require an order of the supreme judicial court authorizing and directing the payment thereof. He may apply the interest earned by the moneys so held or deposited by him toward defraying the expenses incurred in the payment and distribution of such unclaimed deposits or dividends to the depositors and creditors entitled to receive the same, and he shall include in his annual report to the general court a statement of the interest earned by such unclaimed dividends and deposits.

Section 16. The supreme judicial court, or any justice thereof, shall have jurisdiction in equity to enforce

the provisions of this act and to act upon all applications and in all proceedings thereunder.

SECTION 17. Sections nine, ten and eleven of chapter five hundred and ninety of the acts of the year nineteen hundred and eight are hereby repealed.

SECTION 18. This act shall take effect upon its passage.

Approved April 14, 1910.

Section 11, Chapter 622, Acts of 1910.

The supreme judicial court or any justice thereof sitting in equity may, upon petition of a savings bank or the trustees of a savings bank approved by the bank commissioner, approve or order a reduction of the deposit account of each depositor therein, whenever the value of its assets is less than the total amount of its deposits so as to divide the loss equitably among said depositors. If thereafter the bank shall realize from said assets a greater sum than was fixed by said order of reduction, such excess shall be divided among the depositors whose accounts have been reduced, but to the extent of such reduction only.

If any series of shares, pledged or unpledged, reaches maturity between the dates of adjustment of profits, the holders of such shares shall, in addition to the value thereof, receive interest for all full months from the date of the preceding adjustment to the time of payment, at the rate at which profits were distributed at said adjustment; but before the payment of matured shares all arrears and fines shall be deducted.

Loans of money; investments. 1877, 224, § 7. 1881, 271, § 1, cl. 4. P. S. 117, § 10. 1882, 251, § 2. 1890, 78. 1896, 277. 1910, 288.

SECTION 11. The money accumulated, after due allowance for all necessary expenses and the cancellation of shares, shall, at each stated monthly meeting, be offered to the members according to the premiums bid by them for priority of right to a loan, or, if the corporation so provides in its by-laws, the bid for loans shall, instead of a premium, be a rate of annual interest payable in monthly instalments upon the amount desired. Such bids shall include the whole interest to be paid and may be at any rate not less than five per cent per annum. Each member whose bid is accepted shall be entitled, upon giving proper security, to receive a loan of two hundred dollars for each unpledged share held by him, or such fractional part of two hundred dollars as the by-laws may allow. If any money so offered for sale remains unsold, the directors may invest it in any of the securities named in the second clause of section sixty-eight of chapter five hundred and ninety of the acts of the year nineteen hundred and eight. or may loan it upon first mortgages of real estate situated in this commonwealth, upon the conditions imposed by this chapter, or upon the shares of the bank to an amount not exceeding their value at the adjustment last preceding the time of the loan; but in either case the loans shall be at the highest rate at the last preceding monthly sale of money. and a note shall be given as required by section fourteen.

Premiums. 1877, 224, § 12. P. S. 117, § 11.

Section 12. Premiums for loans shall consist of a percentage charged on the amount loaned in addition to

interest, and shall be a consideration paid by the borrower for the present use and possession of the future or ultimate value of his shares, and shall, with interest and fines, be received by the corporation as a profit on the capital invested in the loan, and shall be distributed to the various shares and series of said capital as hereinafter provided.

Section 13. A borrowing member, for each share bor- Interest. rowed upon, shall, in addition to his dues and monthly cl. 8, 271, § 1, premium, pay monthly interest on his loan at the rate of P. Said note and mortgage shall recite the number of shares pledged and the amount of money advanced thereon, and shall be conditioned for the payment at the stated meetings of the corporation of the monthly dues on said shares, and the interest and premium upon the loan, with all fines on payments in arrears, until said shares reach the ultimate value of two hundred dollars each, or said loan is otherwise cancelled and discharged; provided, however, that the directors may accept the shares as sufficient security for loans to an amount not exceeding their value at the adjustment last preceding the time of the loan.

If the borrower neglects to offer security satisfactory to the directors within the time prescribed by the by-laws, his right to the loan shall be forfeited, and he shall be charged with one month's interest and one month's premium at the rate bid by him, with all expenses incurred; and the money appropriated for such loan may be reloaned at any subsequent meeting.

The borrower shall before the sale give written notice to the secretary of his intention to re-buy his money. The provisions of this section shall not exempt the re-borrower from paying the interest and premium for the current month on the loan made by him for the substitution of which the new loan is made.

Payment of loans. 1877, 224, § 11. P. S. 117, § 14.

Section 16. A borrower may repay a loan at any time, upon application to the corporation, whereupon, on settlement of his account, he shall be charged with the full amount of the original loan, with all monthly instalments of interest, premium and fines in arrears, and shall be given credit for the withdrawing value of his shares pledged and transferred as security; and the balance shall be received by the corporation in full satisfaction of said loan. All settlements made between stated meetings of the directors shall be made as of the date of the stated meeting next succeeding such settlement. A borrower who desires to retain his shares and membership may repay his loan without claiming credit for said shares, whereupon said shares shall be transferred to him, free from any claim on account of said cancelled loan.

Partial payments of loans on real estate. 1887, 216, § 4. 1906, 280.

No fines shall be charged after the expiration of six months from the first lapse in any such payment, nor upon a fine in arrears. The shares of a member who continues in arrears more than six months

shall, at the option of the directors, if the member fails to pay the arrears within thirty days after notice, be declared forfeited, and the withdrawing value of the shares at the time of forfeiture shall be ascertained, and, after deducting all fines and other legal charges, the balance remaining shall be transferred to an account to be designated the "Forfeited Share Account" to the credit of the defaulting member. Said member, if not a borrower, shall be entitled upon giving thirty days' notice to receive. out of the funds appropriated to the payment of withdrawals, the balance so transferred without interest from the time of the transfer, in the order in which such notices are given. All shares so forfeited or transferred shall cease to participate in any profits of the corporation accruing after the adjustment and valuation of shares last preceding said forfeiture.

If a borrowing member is in arrears for recovery of SECTION 19. dues, interest, premium or fines for more than six months, loan. 224, 56 8, the directors may, after one month's notice, declare the Ps. 117, 5 16. shares forfeited if the arrears then remain unpaid. The 1885, 121, 5 1. account of such borrowing member shall then be debited with the arrears of interest, premium and fines to date of forfeiture, and the shares shall be credited upon the loan at their withdrawing value. The balance of the account may and after six months shall be enforced against the security, and be recovered as secured debts are recovered at law.
